Summer always begins before it actually arrives. It starts in that precise moment when you check the time, close your laptop, and your mind decides you're already **out of the office**. That universal feeling of needing a holiday even before you officially have one. That's where the story of our **SS26 collection** begins: in the desire to unplug, breathe, and feel that life can be light again.

And once you finally step outside, another side of summer shows up—the one we all look for: travelling with excitement, with curiosity, unrushed... but without losing your flow or turning into the classic European tourist with socks and sandals. That spirit leads us to the “I go, I enjoy, I blend in... but I'm not a tourist.”

And of course, travelling opens the door to another summer classic: that unexpected crush that appears on a beach, at a festival, or in a chiringuito. A **summer love**—the intense kind, the kind that lasts only as long as your tan but stays in your memory forever. Our collection captures that bright, bold and slightly chaotic energy that only exists in summer.

Speaking of summer classics... there's always that moment when we all slip into **modo chiringuito** without even noticing. That ritual of escaping the heat, ordering something cold, and feeling that summer simply tastes better there. That relaxed, 100% beachy mood also shapes the personality of this season.

And then comes the word that sums it all up: **ciao**. Ciao winter, ciao schedules, ciao routine. It's a giant “ciao” to everything heavy and an even bigger “hello” to everything that lifts you up: hello sunshine, hello beach, hello long afternoons. **SS26** is that open door.

In design, all of this turns into strong, vibrant prints: stripes inspired by beach huts, waves that follow the rhythm of the sea, and colours that put you in summer mode at first glance. We want every piece to tell a bit of this story: movement, freshness, travel and energy.

The rest comes from the product itself: **fans** for every mood, personality-packed **towels**, **bandanas**, **bucket hats**, attitude-filled **sunglasses**, waterproof pouches ready for any water plan, and a travel collection made for spontaneous escapes. Plus, **stationery** with summer vibes to organise (or pretend to organise) the chaos, and **gadgets** that save your day: portable fan, **reading light** and **power banks** to survive so many summer plans.

Because that's what summer is: easy, yours, and effortlessly fun. And if there's one thing we know, it's that any plan gets better with a Fisura twist.

# SPRING • SUMMER

El **verano** siempre empieza antes de que llegue. Empieza en ese instante en el que miras el reloj, cierras el portátil y tu cabeza decide que ya estás **out of the office**. Esa sensación universal de necesitar vacaciones antes incluso de tenerlas. Ahí arranca la historia de nuestra **colección SS26**: en el deseo de desconectar, respirar y volver a sentir que la vida es ligera.

Y cuando por fin sales, aparece esa otra parte del verano que todos buscamos: viajar; con ganas, con curiosidad, sin prisas... pero sin perder flow ni convertirse en el típico guiri europeo de sandalias con calcetines. Ese espíritu nos lleva al “voy, disfruto, me integro... pero I’m not a tourist”.

Y claro, viajar abre la puerta a otro clásico del verano: ese flechazo inesperado que aparece en una playa, un festival o un chiringuito. Un **summer love** de los intensos, de los que duran lo que dura el moreno, pero se recuerdan siempre. Nuestra colección recoge esa energía luminosa, atrevida y un poco caótica que solo existe en verano.

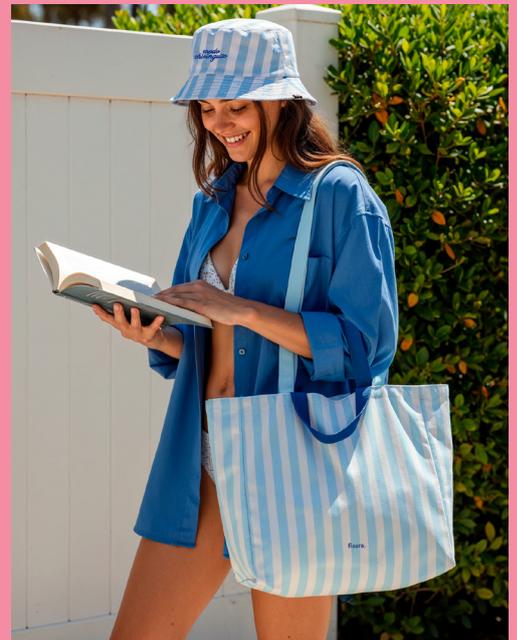

Y hablando de clásicos... hay un momento en el que todos acabamos entrando en **modo chiringuito** sin darnos cuenta. Ese ritual de refugiarse del calor, pedir algo fresco y sentir que el verano sabe mejor allí que en cualquier otro sitio. Ese mood relajado y 100% playero también marca la personalidad de esta temporada.

Y entonces llega la palabra que mejor resume todo: **ciao**. Chao invierno, chao horarios, chao rutina. Es un “chao” gigante a lo que pesa y un “hola” aún más grande a lo que alegra: hola sol, hola playa, hola tardes largas. **SS26** es esa puerta abierta. En diseño, todo esto se transforma en estampados potentes: rayas inspiradas en casetas de playa, ondas que siguen el ritmo del mar y colores que te ponen en modo verano al primer vistazo. Queremos que cada pieza cuente un pedacito de esta historia: movimiento, frescura, viaje y energía.

El resto lo pone el producto: **abanicos** para cada mood, **toallas** con personalidad, **bandanas**, **buckets**, **gafas** con actitud, **riñoneras** listas para cualquier plan acuático y una línea travel pensada para escapadas improvisadas. Además, **papelería** con mood veraniego para ordenar (o fingir ordenar) el caos, y **gadgets** que te salvan el día: ventilador portátil, luz de lectura y **baterías** para sobrevivir a tanto plan veraniego.

Porque así es el verano: fácil, tuyo y con gracia. Y si algo sabemos, es que cualquier plan mejora con un toque **Fisura**.

## NUESTROS FELPUDOS

Each mat uses the husks of about 25 coconuts  
Cada felpudo utiliza la cáscara de cerca de 25 cocos

The husks are first “seasoned” in the lagoons off the coast, then each husk is beaten by hand to extract the fibre

Las cáscaras primero se “sazonan” en las lagunas de la costa, luego se golpean a mano para extraer la fibra

The doormats are painted and colored by hand one by one using different stencils

Los felpudos son pintados y coloreados a mano uno a uno utilizando diferentes plantillas

A traditional open-air sun drying technique is used to fix the paint on the surface of the doormat

Se utiliza una técnica tradicional de secado al sol al aire libre para fijar la pintura en la superficie del felpudo

The anti-slip backing keeps the mat firmly in place and reduces the risk of slipping

La base antideslizante mantiene el felpudo firme en su lugar y reduce el riesgo de resbalones

FISURA doormats are made from the husk of the coconut. The coconut growers on the coast of Kerala, in Southern India, use every single part of the coconut, during this process **nothing is wasted**. The final result is a durable, tough and easy-to-clean floor mat.

Los felpudos FISURA están hechos con la cáscara del coco. Los productores de coco de Kerala, en la costa del sur de la India, utilizan todo del coco, por lo que prácticamente **nada se desperdicia**. El resultado final es una alfombra de piso duradera, resistente y fácil de limpiar.
