# Louise Mulgrew

Welcome to Louise Mulgrew at The Art File

The Art File is delighted to present the Louise Mulgrew collection of cards in a wonderful new collaboration with the multi-award-winning British designer.

We are launching over 300 everyday designs from Louise which include her most popular cards together with some new designs to mark this exciting partnership.

Louise's designs are all hand painted in gouache and watercolour, often feature a loveable Furry Friend or two, and are finished with a thoughtful, handwritten sentiment. What's more, we are using the same sustainable materials to produce the cards as Louise did, so the quality and feel of the cards will be just as they have always been. All our cards are produced here in the UK using the best specialist print technology in the world.

Our carriage paid order is just £100 and all our single cards come in units of six. We officially launch the Louise Mulgrew collection on 1st February at Spring Fair.

If you are new to The Art File, then we look forward to working with you. If you are an existing customer, then we hope you like our latest addition to The Art File family.

Warm Regards

Ged Mace
